

# MIB Future Panel 2nd October 2025

## Program

DZNE Lecture Hall  
Start: 9:30 am

DZNE Lecture Hall  
Venusberg-Campus 1  
53127 Bonn

Dear colleagues, friends and partners,

We welcome you to the **MIB Future Panel 2025** – the Key Event for Science and Industry on Medical Imaging and Artificial Intelligence.

We are looking forward to an exciting pitch event where scientists and members of the medical faculty will present their innovations to renowned venture capital investors and have a chance to win a generous cash award of 60.000€.

In the Keynote Lecture by Prof. Louisa Specht-Riemenschneider and the following Panel, speakers will discuss the tension between data use and data protection in medical AI applications.

We will again have plenty networking opportunity between academia, start-ups and industry during the lunch.

We look forward to an exciting event with you

With best regards

*Prof. Dr. Bernd Weber*

Dean Medical Faculty, University of Bonn  
Acting CEO, University Hospital Bonn

*Prof. Dr. med. Frank G. Holz*

Director Ophthalmology Department, University Hospital Bonn  
Head of Medical Imaging Center Bonn (MIB)
